Professional Summary

AI & Data Science undergraduate with hands-on experience building production-grade Generative AI systems, RAG pipelines, and cloud-deployed applications. Built zero-hallucination RAG chatbots (LangChain, ChromaDB, Zilliz Cloud, Groq LLM) with CI/CD. **Top 6 / 400+ teams** ACM WCE Hackathon 2026; **1st Place / ~200 teams** Hack AI Blitz 2025. AWS Academy Data Engineering certified. LeetCode 1500+.

Technical Skills

Programming: Java, Python, HTML, CSS, SQL

Databases : Firebase, Supabase, MySQL, ChromaDB, Zilliz Cloud (Milvus)

Frameworks : Pandas, NumPy, Scikit-learn, Streamlit, HuggingFace, TensorFlow, PyTorch, LangChain, FastAPI

Cloud : AWS (S3, Redshift, Glue, Athena, Step Functions, EC2, EMR), Azure Cognitive Services

Soft Skills : Problem Solving · Adaptability · Analytical Thinking · Time Management · Teamwork · Learning Mindset

Experience

Generative AI & Data Intern

Dec 2025 Jan 2026

Sunbeam Infotech Pvt. Ltd., Pune

- Designed and deployed the Sunbeam RAG Chatbot (full AI stack) under IIT GenAI Program LangChain, ChromaDB, Groq LLM, FastAPI, Streamlit with automated CI/CD pipeline (95 commits).
- Built Power BI and Streamlit dashboards for KPI tracking; automated ETL pipelines using Python and Docker; used Firebase (NoSQL) for scalable data storage.

Technical Lead

2024 2025

Data Science Student Association, DKTE

- Led technical workshops and project mentoring on ML, cloud tools, and GenAI; coordinated hackathon participation across the department.

Projects

NeuroNauts AI Study Companion

Feb 2026

Tech: Python, Groq, Zilliz Cloud, HuggingFace, Streamlit

- Built an AI study companion for natural-language Q&A over OpenStax Psychology 2e textbook-grounded answers via RAG instead of manual chapter search.
- Pipeline: Docling PDF parsing → 2,966 chunks → Sentence-Transformer embeddings → Zilliz Cloud (Milvus) semantic search → Groq LLaMA 3.3 70B inference; inline diagrams via PyMuPDF + Cloudinary.
- Top 6 Finalist / 400+ teams** ACM WCE Hackathon 2026. [GitHub] [Live Demo]

ALZ-AI Alzheimer's Care Ecosystem

2025

Tech: React, FastAPI, AWS Rekognition, PostgreSQL, DeepFace, Firebase

- AI passive care platform: real-time fall detection, geofencing WhatsApp alerts, face recognition, medication reminders, unified caregiver + doctor dashboard.
- React + Tailwind frontend, FastAPI backend, AWS Rekognition, PostgreSQL/PostGIS geofencing, Redis live state. Presented at DYPSEM Hackoutsav zero competitor covers all 3 roles for India's 8.8M dementia patients.

Sunbeam RAG Chatbot Institutional AI Assistant

Dec 2025 Jan 2026

Tech: LangChain, ChromaDB, Groq LLM, FastAPI, Streamlit, Selenium

- End-to-end RAG: Selenium scraper → LangChain chunking → Sentence Transformer embeddings → ChromaDB → Groq LLM → FastAPI → Streamlit UI. Zero-hallucination via strict prompt engineering; CI/CD via GitHub Actions.

Education

B.Tech AI & Data Science (Honours: Big Data Analysis)

2023 Present

DKTE Society's Textile & Engineering Institute, Ichalkaranji (NAAC A+)

CGPA: 8.96 / 10 | Hons. CGPA: 8.18 / 10

Class XII Maharashtra State Board (HSC) 69.70%

2023

Class X Maharashtra State Board (SSC) 95.40%

2021

Achievements & Certifications

- 1st Place** Hack AI Blitz, AI NEXUS 2025: Built "Tour Genie" Azure Q&A chatbot; beat ~200 teams (Microsoft Learn Students' Club).
- AWS Academy Data Engineering:** 40 hrs | Apr 2026 [Credly]
- LeetCode:** 1500+ Rating [Profile]
